

## Meelick Bay Nursery

---

We are Stephen [English], Froukje [Dutch] and our 12 year old daughter Rose [Irish].

As well as a vegetable garden, we have a nursery, where we grow plants in pots. Livestock, is a dog, a cat, and a flock of poultry. Produce is sold at a weekly market, in Limerick.

The garden is our livelihood, and we rely on volunteers to help us. Please only apply if you are committed to joining us, and have an interest in simple living, and working in the garden.

We would love to find people who are interested in longer stays, but will also accommodate shorter stays of a few weeks.

We live in a beautiful area, close to Lough Derg. We have canoes, and bicycles which you can use. The nearest village [pub, post office] is 5 minutes by bike.

Froukje plays several instruments, and runs a small choir.

As well as helping in the garden, there are often small building projects, and we are happy if you like to cook. If you like movies we have a large collection. We also have a table-tennis table.

We prefer non-smokers.

We like people who enjoy to be a part of our family, but also allow us some time for ourselves. Otherwise, our home is your home. We look forward to meeting you.

**Site type** Smallholding

**Organic status** Organic - not certified

**Accommodation** Room in separate building

**Food menu** All

**Smoking allowed?** Only outside

**When are WWOOFers wanted?** Throughout year
